Computer Classes - May 2017

Computer Class Descriptions

- **One Note Part 3**—This class is the third part of creating digital notebooks for storing and organizing text, pictures, digital handwriting, and audio and video recordings.

- **Open Lab** - These two-hour blocks of time are set aside for your computer-related questions and problems. Use our computers or bring in your own for help and ideas.

- **Windows 10 Parts 1-3**—If you're new to Windows 10 join us for an immersive look at the new operating system. This class is *View Only or bring your Windows 10 device* for hands-on experience.

- **Microsoft Excel Parts 1 - 6** - Microsoft Excel is required by most companies hiring in today's market. Join us to experience Excel from beginner to advanced, and take the stress out of using this fun and useful application. *Seating is limited. Register for these classes at www.countylibrary.org. Click on 'Calendar Events', then hover over each class and click 'Register'.*

- **Computer Basics Parts 1-3**- If you are new to computers or just want to know how to personalize and organize your computer, these classes are for you!

- **Website Creation Parts 1-3** - Can you really create a beautiful, fully functional website in three sessions? You can with Weebly! Come learn how to use this intuitive, free website and create your masterpiece today!

Events are subject to change without notice. Any individual who requires an auxiliary aid or service to participate in a library program should submit a request to the manager of the sponsoring facility at least 2 days in advance of the event.
